

Warwickshire Joint Audit and Standards Committee Report Summary

Meeting Date: 17th March 2021

Subject: Internal Audit Strategy and Plan 2021-22

Contact details: Paul Clarke – Head of Audit
Tel: 01926 412897
Email: paulclarkere@warwickshire.gov.uk

Purpose of the Report:

This report introduces the proposed Internal Audit Strategy and Plan for 2021-22 which is set out in Appendix 1. The Strategy is supported by the Internal Audit Charter, which is unchanged and the Service Level Agreement which covers the working and financial arrangements of the service.

Recommendation:

The Committee is requested to

1. approve the proposed strategy and plan,
2. approve the audit charter.
3. approve the Service Level Agreement

Internal Audit Strategy and Plan 2021/22

Report by the Head of Audit

1. Police and Crime Commissioners (PCCs) and Chief Constables have a duty to undertake an effective internal audit to evaluate the effectiveness of their risk management, control and governance processes, taking into account relevant auditing standards.
2. The role of internal audit is primarily to provide reasonable assurance to the organisation (including managers, the Chief Constable, the PCC and the Joint Audit and Standards Committee) and ultimately the taxpayers that the two policing bodies maintain an effective control environment that enables them to manage its significant business risks. Internal Audit does this **by providing risk-based and objective assurance, advice and insight**. In addition to providing assurance the audit service also undertakes consultancy and advisory work designed to add value and offer insights that will improve the effectiveness of risk management, control and governance processes e.g. acting as a critical friend when process changes are being developed.
3. To ensure the best use of limited audit resources audit work needs to be carefully planned. In accordance with best practice the audit committee's role is to review and approve the annual internal audit work plan. The plan is developed in consultation with senior managers and takes account of the organisation's aims, strategies, key objectives, associated risks, and risk management processes (as required by the Public Sector Internal Audit Standards). It also takes into account those topics which have not recently been audited or which feature in the PCC / Alliance risk register or which when last audited received a low opinion. This year there are a number of important issues including the impact of Covid and the transition from the Alliance arrangements between Warwickshire and West Mercia. In particular this is seen in the need for assurance around financial systems, ICT and budgetary control.
4. The plan attached (**Appendix 1**) incorporates a description and diagram of the sources of assurance. The list of potential topics arising from the planning process, was considered by Force and PCC management. The aim is to give a high-level overview of audit areas noting that the detailed scope of some audits will need to be refined during the year. The Committee will also note that as usual it will not be possible to audit each possible topic and some topics in the proposed plan will not be covered comprehensively. The Committee is able to accept a plan on this basis, provided this matches its "risk appetite" for independent assurance, also recognising that management have the prime accountability for managing processes and risks (and therefore assurances can be obtained directly from them where necessary).
5. Good practice requires us to recognise that the plan should be responsive to changes in risks during the year. Proposed changes and the rationale for these will be reported to the committee through update reports.

6. An Audit Charter is a requirement of the Public Sector Internal Audit Standards and sets out the purpose, authority and responsibility of internal audit. It has to be formally agreed and approved by the organisation and periodically reviewed. The Charter establishes the internal audit activity's position within the organisation, including the nature of the service's functional reporting relationship; authorises access to records, personnel and physical properties relevant to the performance of engagements and defines the scope of internal audit activities. In accordance with best practice the existing Audit Charter has been reviewed to ensure it remains appropriate and no changes are proposed at this time. The existing document with minor typographical changes is attached for reference (**Appendix 2**).
7. The Internal Audit service is provided through a Service Level Agreement (SLA). The existing document with amendments to reflect changes in budget and post titles is attached (**Appendix 3**).
