Commissioner's Road Safety Grants Scheme 2023-24: Guidance Notes

Please read the guidance notes carefully.

They will help you decide whether or not you can apply to the Commissioner's Road Safety Grants Scheme and provide you with information on how to complete the application form.

Introduction

The Police and Crime Commissioner's (PCC) Road Safety Grant Scheme for 2023-24 will be focused on the overarching theme of:

Prevention and Diversion

- **Prevention:** targeting unsafe road use and/or unsafe road behaviours to reduce and prevent 'death and injury' on our roads.
and/or
- **Diversion:** delivering interventions which aim to encourage safer road user behaviour but also have a positive impact on engaging and educating individuals and communities about unsafe road-use and empower them to practice good road safety behaviours on our roads.

Road safety projects, pilots and initiatives under the theme of 'Prevention and Diversion' should show how their work supports the Commissioner's Police and Crime Plan 21-25 to:

- Keep people safe and reduce harm
- Strengthen communities
- Deliver better justice for all

Projects will need to be innovative and add value what is already provided by Warwickshire Police, Fire and Rescue and local authorities. The Commissioner is looking for sustainable value for money projects that will make a big impact when it comes to delivering positive outcomes and lasting impact on local communities.

Organisations are able to submit multiple bids covering any number of projects. However, each application must be for a different project or initiative that clearly aligns to the overarching theme of 'Prevention and Diversion' and addresses the relevant priorities of the in the Police and Crime Plan. Each application will be evaluated separately.

Online application

Applications to the Commissioner's Road Safety Grants can be made via our [new online grants application form](#) which will also be used to manage successful grants. Please note we are unable to consider grants submitted by other means. If you are unable to use the online application form please contact us for assistance. The online form is designed to capture all of the information required for us to consider your project.

What does the application need to consider?

All applicants need to detail and provide evidence as to how their projects support one or more of the priority areas of the PCC's Police and Crime Plan 2021-25. Every application must demonstrably support at least one of these five priority areas.

The application form is self-explanatory but please ensure you fill in each of the sections in order that you:

Provide requested information about the organisation;

- Describe the project or activity and who the beneficiaries will be;
- Demonstrate clearly how their project will contribute to the Police and Crime Plan's outcomes and priorities;
- Clearly demonstrate and evidence the need for their project or activity;
- Provide clear understanding of what differences the project or activity will make and how this will be measured and reported. All successful applicants will be required to provide a quarterly grant update report detailing the outcomes, outputs and impacts of their project or activity;
- Explain the longer term strategy for providing this project. The PCC grants scheme is time limited and successful applicants should be able to demonstrate to the Commissioner their longer term vision on sustainability, mainstreaming or funding opportunities;
- Provide a clear breakdown of project costs. This should include match funding and volunteer time.
- Provide clear evidence for the need for the project and how it supports the priorities in the Police and Crime Plan. It is also critical that there is a clear intention to monitor outcomes and a demonstrable understanding in all grant applications of how these outcomes will be effectively monitored throughout the life of the project. This is so that the true impact of a project funded can be illustrated to the OPCC and to the public. It is strongly advised that these aspects of your application are well-developed.

Any funding offered will normally be made on a one-off basis, for a specified purpose, and with no commitment to renew, increase or extend funding beyond the offer's terms and conditions. Applicants should therefore have arrangements for dealing with the ending of any funding stream offered by this scheme.

How will the applications be assessed?

Your application will undergo an initial review to ensure that it meets the criteria. All applications that pass the initial review will then be considered by an evaluation panel within the OPCC, before being presented to the PCC for a final decision.

Each bid will be assessed on its own merits using an evaluation process and scoring system. Some scores may be weighted to reflect areas of importance in the evaluation process.

Please note that the PCC, at his discretion, may opt not to allocate all available funding through the schedules grant schemes if submitted bids fall below a quality standard. Unallocated funding may be allocated at a later date.

A decision by the PCC not to award funding in relation to an application is final. There is no appeals process.

Match Funding and Sustainability

Applications which have secured part-funding towards their project from elsewhere are welcome and we therefore encourage you to approach other organisations to support your project.

Projects must have a robust and sustainable delivery model including plans for future financial sustainability. The PCC wants to encourage and enable organisations to move towards their projects becoming sustainable in the long term. Therefore your application should show how you will plan to move towards becoming more financially sustainable and priority will be given to those organisation who can demonstrate this for the next few years.

Working in Schools/ Colleges and other organisations

The PCC receives a number of applications for projects to work in schools / colleges or with community groups. From the applications, it is not always clear if prior arrangements have been made with the institution that the project plans to work with. We strongly advise that you approach the relevant organisations and/or Warwickshire Police, Community Safety Partnerships and Schools to discuss the need for such a project/activity in the geographical area. We encourage that you

consider making an agreement in principle with those settings/projects. The application should include contact details of those organisations that agreement/support arrangements has been made with.

If your project is for funding relating to those aged 25 and under, please ensure that you approach the relevant local authority to gain support for the project and agree viable referral pathways where appropriate.
