

# Investigations, Standards & Outcomes

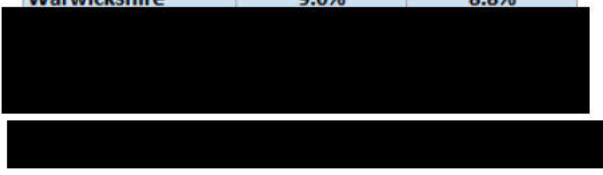

March 2022

ASI/2022/054

Version: FINAL

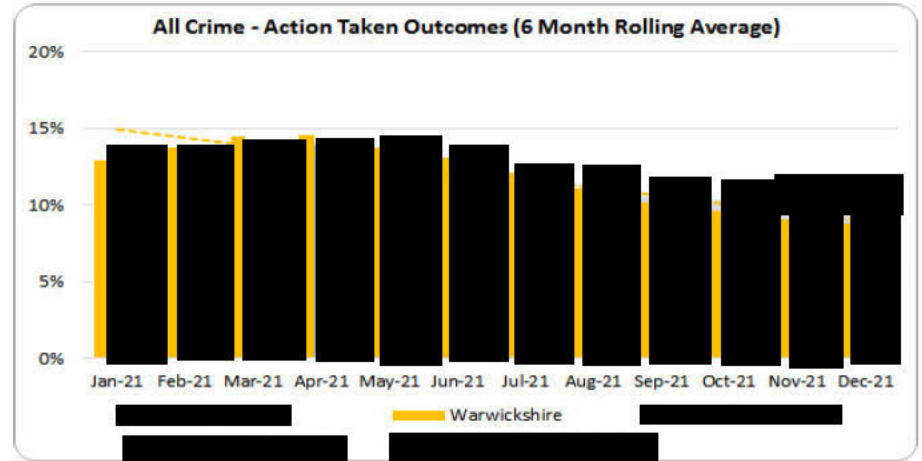

Force	% Action Taken out of Total Recorded Offences 6 Month Rolling Average	
	Nov-21	Dec-21
Warwickshire	9.0%	8.8%

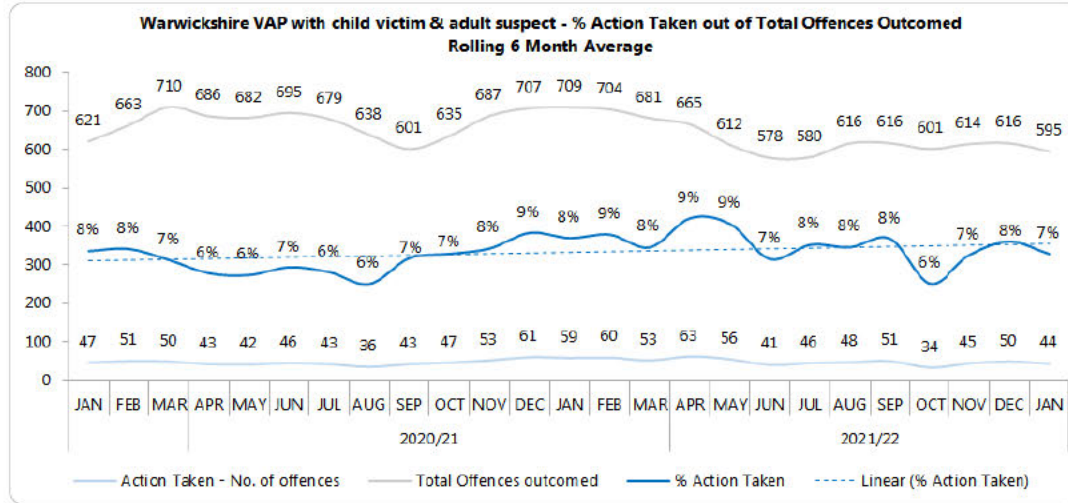

After analysis by AS&I, outcomes will now be reported on one month in arrears, as this provides a more accurate dataset (due to the number of changes to outcomes which take place throughout the month). In line with Home Office reporting, we have amended the date range for the outcomes to the date the outcome was applied, rather than the date the investigation was filed.

In Jan-22, the proportion of Action Taken outcomes (out of *total offences outcomed*) was 6%, a decrease compared with the previous month (9%).

Since Apr-21, the rolling 6 month average (proportion of Action Taken outcomes out of *total recorded crime*) has shown a downward trend in Warwickshire.
